

ASEAN Federation of
Plastic Industries (AFPI)
Presents

3rd ASEAN Plastics Awards 2018

Going towards sustainable value

www.aseanplastic.com

I BACKGROUND

ASEAN Federation of Plastic Industries (AFPI) was founded in December 1981 with the purpose of providing an arena to promote intra-regional trade and investment in the field of plastics industry. The forming of AFPI is to encourage more collaboration amongst the various ASEAN member countries in order to increase the level of advancement in Technology and hence sustainability of the Plastics Industry. AFPI realized that there will be a huge impact from FTA in various frameworks that will have great influence in the competitiveness of plastic market, especially for commodity products. The manufacturers may have to continually reduce their costs for compatible price and in turn the quality of the products may be compromised.

During the 15th Term AFPI Council meeting (2012-2014) held on April 3rd, 2013 in Thailand, an ASEAN product contest was initiated as part of the plans and programs to promote the development and growth of the plastics industry in the ASEAN region. This resulted in the creation of a project called "ASEAN PLASTICS AWARDS" which aims to encourage innovation without compromising on the quality and standards, hence creating higher value to ASEAN's plastic products. The first awards organized in 2014 and continued in 2016 hosted by Thailand. Currently, the 3rd ASEAN Plastics Awards 2018 under theme **"Going towards sustainable value"** and award winners will be announced on 21st September 2018 at AFPI&APF gala dinner.

I OBJECTIVES

- 1 To raise the standard of the plastic manufacturing in ASEAN.
- 2 To improve the quality and aesthetic of plastic products and encourage the value creation of plastic products.
- 3 To promote the innovation in plastic products.

I JUDGING CRITERIA

- The judges will be appointed by the AFPI committee and the decisions of the judges are final.
- The judges reserve the right to move an entry from one category to another if they deem it more appropriate.
- The judges reserve the right to select more than one winner in some categories or not to make an award in any category should the quantity of work not meets the standards set by the judging criteria.
- All eligible entries are judged based on the merits of their quality of the production, manufacturing process, function, and design.
- Entries will be judged according to the 4 criteria as follows:
 - 1 Innovation & Function
 - 2 Aesthetics
 - 3 Environmental Concern
 - 4 Overall Impression

MAIN PRODUCT CATEGORIES

1 Houseware Products

tray, bowl, plate, utensil, trash can, table, chair, furniture and other plastic container, etc.

2 Food Rigid Packaging

soft drink bottle, water bottle, juice bottle, ready-to-eat food container, instant noodle cup, etc.

3 Non-food Rigid Packaging

oil container, chemical bottle, detergent bottle, secondary packaging, etc.

4 Flexible Packaging

stand up pouch, form-fill-seal sachet for coffee, non-dairy creamer and ketchup, retorted pouch, etc.

5 Personal Care Packaging/ Products

shampoo bottle, cosmetic jar, cream tube, sample collection tube, toothbrush, baby feeding bottle, beverage bottle, liquid soap bottle, etc.

6 Medical and Healthcare Products/ Devices/ Packaging

saline bottle, saline bag, tube set, syringe, pill container, pharmaceutical bottle, Ampule, blister pack, medical and healthcare equipment, lab and analytical test kits, etc.

7 Construction Products

pipe, fitting, construction equipment, electrical conduit, construction part, etc.

8 Disposable Products

cutlery, chopstick, straw, cup, tray box, plate, shopping bag, garbage bag, etc.

Special Awards

Entries must be received by 31 July 2018

Sustainable Award

A product that has been designed such that it has minimal negative impact on the global or local environment, community, society, or economy. The Sustainable award has been especially established to honour companies, institutions and designers who have A plan for a better future.

Value Creation Award

A product that perform the actions that increase the worth of goods and elevate the credibility or the visibility of its appearance, which will lead to increased sales and value sustainability. The Value Creation Award has been especially established to honour companies, institutions and designers

who innovative in product design, raw material and manufacturing process that could create a product value literally.

Invention Award

A product that is unique or novel in its function, utilization or appearance. This award is initiated for non-commercialized entry, the samples must be sent in physically i.e. Prototype, 3D printing sample, etc. The only drawings of the products are not accepted.

9 Electrical, Automotive, and Other Durable Products/ Parts.

Entry Fees : 50US\$ /Entry

One application is considered as one entry even the same product is submitted for more than one category

Payment Information

- Cash/Cheque to be made payable to "the Federation of Thai Industries"
- Money transferring to saving account of "the Federation of Thai Industries" Krungthai Bank, Queen Sirikit National Convention Center branch at account number 009-1-70874-5
- SWIFT Code : KRTHTHBK
- The Federation of Thai Industries was established under the F.T.I Act, 1987. As it is the private sector administrative juristic person to serve as the core organization and as the center for all Thai industries in the kingdom, FTI is not considered a "Company Limited", or a "Limited Partnership" under Section 39 of the Revenue Code, so it is not subjected to deduction of 3% withholding tax

Remark :

Please fax application form and pay-in slip to +66(0)2 229-4654 to get a receipt

Prizes

Main Awards

- **Supreme Award** : The judges will select from the winner of each of the main category.
- **Gold Award** : for the winner of each of the main category.
- **Silver Award and Bronze Award** : for the runner-up of each of the main category

Special Awards

- **Sustainable Award** : for the winner who submit the products to compete in sustainable award category.
- **Value Creation Award** : for the winner who submit the products to compete in value creation award category.
- **Invention Award** : for the winner who submit the products to compete in invention award category.

Competition Terms & Conditions

- 1 Entries shall be submitted by individuals, companies or associations involved in any area of plastic manufacturing process including
 - Plastic converters
 - Manufacturers of resins, compounds, master batch, and pigment
 - Manufacturers of machines and moulds.
 - Product/brand owner
 - Designer
 - People involved with the plastic industry
- 2 Entries (Products) must be manufactured in ASEAN and commercialized.
- 3 Entries must not violate patent or copyright.
- 4 An applicant can enter as many products in as many different categories.
- 5 An application form is for one entry per category.

In case an entrant would like to contend the product in several categories, separate application forms and products for each category are required. The entrant must fill in both parts of the application form. (The first part about the entrant's information such as company name, etc. will remain confidential and not be disclosed to the Judging Panel.)

- 6 An entrant shall submit two duplicate entries for each category (provision in case of product damage).
- 7 The costs of transporting entry to and from the competition location and all exhibition expenses of the packages shall be covered by the relevant participants.

(The following information is not accessible by the judging panel.)

Title of Entry.....

Category entered.....

Entered by (company/association name).....

Contact person.....

Address.....

Phone.....Country.....Email.....

Line / Whatsapp / Facebook / Wechat ID.....

Client name.....

Product designed by.....

Manufactured by.....

Brand and type of machine

Brand and type of materials.....

Signd

Date

Entered Category.....

Title of Entry.....Quantity Produced.....

Production Process.....

Innovation & Function.....

Aesthetics.....

Environmental Concern.....

Overall Impression.....

If available, please provide the details of your product in addition documents.

A video presentation, not longer than 3 minutes that describe the product is also acceptable.

☐ Additional documents ☐ Video presentation ☐ Video link.....
